

; This file is supplemental to ScriptAbility_Installation_Setup_9.1.0+.exe and up.

[Install/Uninstall]

; SILENT_MODE

; Allows for a silent installation of the ScriptAbility application.

; This will require separate installations of the USB driver packages.

; "1" = Installs silently

; "0" or blank (default) = Normal installation with options and progress windows.

SILENT_MODE=1

; SILENT_UNINSTALL

; Uninstallation Mode

; "0" or blank (default) = the normal uninstallation window(s) will appear

; "1" = No uninstallation window(s) will appear

SILENT_UNINSTALL=1

[Prescriptions to Program]

; LABELS_PATH

; To define a Labels folder other than the default.

; Leave blank for default folder: C:\Users\Public\Programs\ScriptAbility\Labels\

; Example: C:\ScriptAbility Labels\

LABELS_PATH= If you would like to define a path other than default please let me know they path

[Settings]

; CHECK_FOR_UPDATES_APP

; This allows installation with online updates disabled for the ScriptAbility application itself.

; Relates to Settings > Updates > Allow online updates for software (admin only)

; "0" = disabled

; "1" or blank (default) = enabled

CHECK_FOR_UPDATES_APP=0

; CHECK_FOR_UPDATES_NDC

; This allows installation with online updates disabled for the NDC warnings database.

; Relates to Settings > Updates > Allow online updates for NDC warnings

; "0" = disabled

; "1" or blank (default) = enabled

CHECK_FOR_UPDATES_NDC=1

; COPY_RESTRICTION

; Enables/disables the ability to copy from the Create Label tab's prescription fields to the Windows clipboard.

; "0" or blank (default) = copy enabled

; "1" = copy disabled

COPY_RESTRICTION=0

; HISTORY_LOGGING
; Enables/disables the history logging functionality.
; "0" = disabled
; "1" or blank (default) = enabled
HISTORY_LOGGING=1

; HISTORY_LOGGING_KEEP_MONTHS
; If HISTORY_LOGGING is enabled, this sets the number of whole calendar months each record will be kept for.
; Range is 1-60, no fractions.
; Leave blank for default: 12
HISTORY_LOGGING_KEEP_MONTHS= How many months would you like to keep logs?

; HOTLINE_NO_SELECTED
; Enables/disables whether the Patient Education Hotline Number and monograph code for each medication will be included.
; "0" = not included
; "1" or blank (default) = included
HOTLINE_NO_SELECTED=1

; HOTLINE_NUMBER
; If HOTLINE_NO_SELECTED is enabled ("1") and the pharmacy would like to provide their own Patient Education Hotline IVR phone number, they may do so here.
; Leave blank for default En-Vision America hotline IVR: (309)585-1563
; Format: (###)###-####
HOTLINE_NUMBER=

; LABEL_PATH_NONADMIN
; Controls who (Windows admins vs. non-admins) may change the path to the Labels folder after installation on the Create Label tab of the application.
; Relates to Settings > General > Labels Folder Path.
; "0" or blank (default) = Admin defines for all users
; "1" = Users define their own
LABEL_PATH_NONADMIN=0

; SAVE_FILE_OPTION
; This option prevents the ability to save label files.
; Relates to Settings > General > Allow label files to be saved
; "0" = disabled
; "1" or blank (default) = enabled
SAVE_FILE_OPTION=1 I recommend allowing saved files until an integration becomes available. This is saved to the path you define, and it encrypted.

; TRANSLATION_API_ENABLE
; This option sets the state of the checkbox that enables translation.
; Relates to Settings > Translation > Enable translations (admin only).

; "0" or blank (default) = unchecked

; "1" = checked

TRANSLATION_API_ENABLE=1

; TRANSLATION_API_USERNAME

; This is the translation API username.

; Relates to Settings > Translation > API username.

TRANSLATION_API_USERNAME= EVA will Provide

; TRANSLATION_API_KEY

; This is the translation API key.

; Relates to Settings > Translation > API Key.

TRANSLATION_API_KEY= EVA will Provide
